Plumbing and Wastewater Technician

Description

Our company exists to serve our team first so that we can then go and serve others. We are seeking a full-time plumbing, water conditioning, and wastewater technician to grow with us. This position requires an experienced mechanical ability and the desire to listen and learn from the people around them.

Requirements

- Plumbing service experience (example: well pumps, water heaters, leak repairs)
- Water conditioning installation and service experience (example: water softeners, acid neutralizers, reverse osmosis)
- Wastewater operator and service experience (example: Advantex, drip irrigation, Ecoflo, Eljen)

All levels of experience considered

Benefits

- 100% paid Health Insurance for our colleagues
- 3% 401k match
- Paid time off is mandatory and negotiated at time of hire
- Service vehicle take home benefit
- 100% company paid short term disability insurance

Pay

- Starting pay of \$25-\$32
